

"International Contact Webinar: Supporting Ukraine in Higher Education"

Tips&Hints: Capacity Building Action

Long-term partnerships: struggling together for a prosperous future

Dr. Kostyantyn Kyrychenko
Rector's Assistant for International Relations
Head of International Office, Sumy State University

On the battlefield between civilization and wilderness

Major threats brought by russian invasion

Damaged infrastructure

Huge migration of people

Suspension of teaching and learning

Interruption of research activity

Shortages and lack of funds

Security measures on campus

Psychological consequences

**We prefer values
and development**

Major challenges that UA HEIs currently face

Restoring damaged facilities

Migration of data to clouds

Retention of students and staff forced
to leave

High quality provision of services to
main stakeholders

Online teaching and learning

Continue research projects

Saving and fundraising

Crucial actions to be taken

Crisis management:

Revision of HEIs' strategies

Rebuilding managerial structures

Digital governance processes

Strengthened Internationalization

Safety:

Comprehensive digitalization

Alert facilities and culture

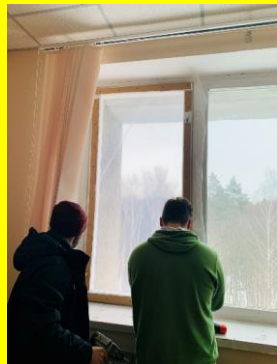

Medical and psychological services

Mobilized to go on

Erasmus+ priorities in focus:

- Digital transformation
- Governance, peace and security
- Internationalization

Crucial actions to be taken

Retention of students and staff:

- Increasing attractiveness of study programmes, providing access to teaching and learning tools through contribution of international partners (shared online learning materials, virtual and physical mobility etc.)

- Access to electronic library resources

- Provision of study skills resources and writing retreats for PGRs

- Provision of funded places on programmes for study, research and professional development.

- Quality assurance provisions

Committed to go on

Erasmus+ priorities in focus:

- Digital transformation
- Migration and mobility
- Human development
- Sustainable growth and jobs
- Internationalization
- Quality in education and training

Pragmatic to go on

Erasmus+ priorities in focus:

- Green and Digital transformation
- Governance, peace and security
- Human development
- Internationalization

Crucial actions to be taken

Saving resources and fundraising:

- green and digital transitions
- access to additional funding schemes
- upgrading skills on project writing and management
- non-stop research and project activity
- new services to local communities

Crucial actions to be taken

Ensuring sustainability:

- Brand and marketing strategies
- Media policy
- Intake 2022
- Joint programmes and courses
- Strategic partnerships
- Networking and alliances

Optimistic to go on

- Sustainable growth
- Human development
- Internationalization
- Joint values, active citizenship
- Erasmus Family and Team Europe

Erasmus+ Capacity Building Action with UA partners

UA HE system – part of EHEA and Bologna

Diverse regions, common challenges

E+ expertise across UA HEIs

E+ projects = dynamic development

Programme priorities highly demanded

Open for innovations + good practice to share

Input to sustainable world

Towards full-scale European Integration

Erasmus+ community at Sumy State University

Network of reliable partners

Progressive strategic vision

Innovation-driven and quality-
focused environment

All subject areas covered

Strong internationalization

High quality services

23 projects of Jean Monnet Programme

4 projects of Strategic Partnerships Action

5 projects of Capacity Building Action

100 + projects of ICM Action

SUMY STATE UNIVERSITY Welcomes cooperation!
