support Ukrainians any kind

Ukrainian Universities are really need support of EU!

Such events should be more often and dedicated to the practical issues of the participation in Erasmus+

Do not be silent!

Let there be spaces in your togetherness.

Glory to Ukraine!

We have to be strong and united in our fight against rascists.

Listen. And speak out. Every little help counts.

Rebuilding Ukraine will not be easy, but this will make it greater because of great ukrainian people

No matter what we all believe, we always need to support each other and do not support war all around the world because we all human being.

Cooperate on a project and share our good experience on how to build up teaching staff resilience

Many thanks to the Erasmus Office Team! If it is possible share the information about courses of English language in summer, it would be also interesting to give workshops for students on writing CV, motivation letters.

Thank you so much for organising this, even though I follow the news everyday and even work at the media organisation, this event was much more eye-opening. Please share the videos widely

As a Ukrainian Erasmus student I want to show averseness and solidarity for making such event. I am currently in Poland and I will share ideas highlighted today. Also give opportunity to students who moved to attend classes online!

Support all kinds of 'inclusive networking'

Do not stop with the support: military, information, academic and so on! We really need it! We are fighting for all Europe now!
