The practice of preparing and signing Erasmus+ KA1 project and contract documents

Inter-institutional Agreement – we prepare IIA together with Partner University and agree the number of mobilities, subject areas and conditions of the project implementation

Mobility Coordination and Scoping depends on mutual interests and existent cooperation (initiators of the project)

Learning Agreement – students fill in LA by themselves and agree them with the Academic Mobility Coordinator at their Faculty, the most important issue is the availability of necessary courses at Host University and recognitions at Home University

Staff Mobility Agreements for Teaching and Training – IFNUL Staff are responsible for the preparation and agreement of SM with Host University, we ask our Staff to provide the letter of support by Host University during the application period in order to know that there is cooperation or intension to cooperate between Staff at Home and Host University (exception is just for the International Staff Weeks)

Obligation of Recognition of the Mobility Results – this obligation is the key point of bilateral cooperation and Erasmus+ projects implementation

ICM Project Reporting – we are doing reporting with Partner Universities – they send as questionnaires and we provide all necessary information.

ICM Challenges and Solutions

Internal Challenges

- Courses Recognition → Increase in the Number of Elective Courses at IFNUL, recognition by content;
- Courses in English → Encouragement for development of courses and programs in English;
- Foreign Students Integration → Establishment of Buddy System, engagement of Erasmus+ alumni;
- Low participation on the Faculties of Natural Sciences → Information work.

Cooperation Challenges

- Communication with Partners;
 - Study Plans in English;
 - Request for Letter of Support for Staff and PhD. Students;
 - Request for Transcript of Records as soon as possible;
- Imbalance between incoming and outgoing mobility;
- Demand > Number of Available Scholarships.

IFNUL Achievements with ICM

- Expanding the Geography of Active Agreements;
- Expansion of cooperation within one partnership agreement – from one field to several;
- Adoption of a number of internal documents and regulations based on consolidation of experiences from our partners;
- Increasing quality of Students and Staff Applications;
- Clearly structured selection procedure of the candidates, its transparency;
- Establishment of the Faculty Coordinators of Academic Mobility;
- Transfer of responsibilities for academic component to the faculties;
- Promotion of Erasmus+ = Increasing of interested in participation;
- Positive feedback from students who become Ambassadors of Erasmus+ and Host Universities;
- Implementation of new experiences by staff into educational and administrative work process;

Thank you for attention!
