# Erasmus+: A strong international dimension

- Collaboration with Partner Countries: mobility, cooperation and policy dialogue activities.
- In order to support European organisations in facing the global challenges brought about by globalisation, climate change and the digital transition, a key element is the intensification of international mobility and cooperation with third countries, strengthening the role of the European Union as a global actor.
- In parallel, the Programme actions contribute to promoting values, principles and interests around common priorities, notably related to human and institutional development climate change, digital transition, growth and jobs, good governance and peace and security.
- The engagement of the young people in Partner Countries is a key element in the process of building societies that are more resilient and are based on mutual trust and intercultural understanding.

# Erasmus+: internationalisation mechanism

- “Internationalisation of higher education: the synergy of the activities at the global, regional, national and institutional levels to ensure and improve the quality of higher education.
- Strategy of the internationalisation of higher education: vector of the development that identifies mission (aim), vision, values, directions, urgent priorities and indicators of higher education development in the context of the objectives of global dimension of higher education.
- Mechanism of internationalisation based on the implementation of the EU international cooperation programmes: a system of institutions and procedures, processes and activities that have managerial impact on the development of higher education in the context of internationalisation by means of consistent organisation and regulation of the implementation of the EU international cooperation programmes and mutual programmed exploitation of best practices of international experience based on interinstitutional collaboration”.

## SUSTAINABLE DEVELOPMENT GOALS

## EU Youth Strategy

The EU developed an EU Youth Strategy and wants young people to engage and become an active citizen involved in democracy and society. We want young people to tell us what is important to them by taking part in the EU Youth Dialogue.

### EU ACTION PLAN on Integration and Inclusion (2021-2027)

## Digital ERASMUS+

Erasmus+ will support the development of digital skills, in line with the Digital Education Action Plan. It will provide high-quality digital training and exchanges, and it will encourage traineeships in the digital sector. New formats, such as blended intensive programmes, will allow short-term physical mobility abroad to be complemented with online learning and teamwork. The implementation will be further digitalised and simplified with the European Student Card.
