Main Activities

Please enter the different outgoing and incoming mobility activities for each of the Partner Countries with which you intend to cooperate. Be aware that each mobility project per Partner Country will be assessed separately.

Due to limited budget availability, National Agencies may limit: i) mobility flows in (a) particular degree level(s) (for example limiting applications to one or two cycles only – first, second or third cycle); ii) mobility for staff only or students only, iii) the duration of mobility periods. Please consult your National Agency's website to know if it applies these limitations: http://ec.europa.eu/education/tools/national_agencies_en.htm

If you know the city of origin and the city of the venue for all mobility activities in a flow and they are the same for all mobility activities in that flow, you will introduce the travel distance between those cities; if there are several cities of origin and/or venue in a flow, you will introduce the average of the different travel distances. If the city of origin or the city of the venue is not known yet, you will introduce the travel distance from/to the capital of that country. Please use the distance calculator available here: http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm
