#BEACTIVE DAY 2022: ERASMUS-SPORT-2021-SNCESE

Grant Requested: 300,000.00 €

Coordinator: EUROPEACTIVE BE

UA partner: UkraineActive UA

The #BEACTIVE DAY campaign is a Not-for-profit European sport event that materialises the vision of getting more people across Europe more active, and is designed to tackle the issue of inactivity through the core message of #BEACTIVE.

Promoting greater participation in physical activity events on September 23rd, the #BEACTIVE DAY campaign contributes directly to the continent's largest campaign promoting sport and physical activity – the European Commission's annual European Week of Sport (EWoS). As a flagship event the #BEACTIVE DAY intends to be the main annual celebration and contribution from the fitness and physical activity sector coordinating national campaigns, but working under the umbrella of the EWoS, which will make strong and natural connections at both European and at national levels.

Through capacity building and knowledge-sharing events, the seven partner National Fitness Associations will support and learn from one another as they prepare and deliver their national #BEACTIVE DAY campaigns, which will raise awareness around the importance of reaching out and especially women and girls in regular and accessible physical activities. Equality is the primary European value that will be promoted through this Action that further contributes to 'sport beyond borders', with a consortium composed of six EU-countries (Belgium, Bulgaria, Italy, the Netherlands, Slovenia, Sweden,) and two non-EU ones (Bosnia and Herzegovina and Ukraine).

#BEACTIVEDAY 2023 ERASMUS-SPORT-2022-SNCESE

Coordinator : EUROPEACTIVE (BE)

The #BEACTIVE DAY campaign materialises the vision of getting more people across Europe more active, and is designed to tackle the issue of physical inactivity through the core message of #BeActive.

By fostering greater participation in physical activity events during the last week of September, the #BEACTIVE DAY campaign contributes directly to the continent's largest campaign promoting sport and physical activity - the European Commission's annual European Week of Sport (EWoS).

As a proven flagship event, #BEACTIVE DAY intends to be the main annual celebration and contribution from the fitness and physical activity sector coordinating national campaigns while working under the umbrella of EWoS, which is already creating strong and natural connections, at European, national and regional levels, and is on track to continue doing so for the foreseeable future.

Through capacity building, peer learning, and launch events, the nine National Fitness Association partners will support and learn from one another as they prepare and align to deliver their national #BEACTIVE DAY campaigns. The 2023 edition of the campaign will raise awareness around, and develop, the offer of intergenerational physical activities, which will foster community cohesion and encourage active and healthy lifestyles. This Action further contributes to 'sport beyond borders' through the consortium of eight EU countries (Belgium, Czech Republic, France, Greece, Hungary, Latvia, Portugal, Romania) and two non-EU one (North Macedonia, Serbia).

SCP 2022: ESOM - Enhancing sport organisations and management

Coordinator EUSA INSTITUTE (SI)

Enhancing sport organisations and management (ESOM) aims to strengthen management and event organisation in university sport through blended learning, sharing experiences, gaining new information and skills on the key topics of sports management, funding, communication and other key topics.

Main activities are research (conducting a survey and collecting good practice), education (online and live workshops and seminars), dissemination (creating resources and recommendations, conferences), aimed to help organisations and management of university sport.

The project directly addresses priorities of the 2021-2024 EU Work Plan for Sport and the Erasmus+ annual work programme; primarily and directly in promoting and supporting Good Governance in Sport through promoting the quality of coaching and staff, and also indirectly by promoting Sport and Education, supporting the dual careers of athletes. Both

of the priorities are listed under the general priority area: Protect integrity and values in sport.

Project partnership brings together a European NGO sports entity (EUSA Institute), national university sport bodies in 5 countries (Croatia, Montenegro, the Netherlands, Poland, **Ukraine**) and two universities (Ljubljana, Slovenia and Miskolc, Hungary). Seven countries are involved through the partnership consortium, but the activities and results will be beneficial to a wider number of countries and array of organisation, especially in the research and dissemination activities.

SCP 2022: IURTS – Integration of Ukrainian Refugee Children Through Sport [short description](#)

Coordinator FUNDACJA V4 SPORT (PL)

Integration of Ukrainian Refugee Children Through Sport (IURTS) will engage the grassroots sport sector to develop and provide educational, fun and age-appropriate materials and trainings for schools and sport organisations, and engaging the wider network of sport organisations in a coordinated approach to support the Ukrainian children with their trauma, psycho-social stress and displacement in new communities.

The project has a clear view to supporting the Erasmus+ Programme horizontal priority Inclusion and diversity in all fields of education, training, youth and sport with the focus on refugee children.

A strong partnership of organisations has been formed to deliver quality input and coordination in the above activities, with very different types of organisations and starting points, and complementary expertise from the sport, research, youth and education sector: V4Sport (Poland), Suceava Sport for all (Romania), ISCA (Denmark), University of Cassino and Southern Lazio (Italy), Terre Des Hommes (Romania), Laureus Sport for Good (UK) **and Associated Partners from Ukraine: Sports Committee of Ukraine and League of Tolerance.**

The overall aim of the project is to support the integration of Ukrainian refugee children through sport, by collecting and developing scalable, targeted, hands-on resources, piloting testing them in Poland and Romania, and widening the impact through international networks in sport organisations across Europe to extend the results and benefit Ukrainian children across the continent.

- 1) Collect the best experiences and develop materials in integration efforts for Ukrainian refugee children through sport, with a focus on schools and sport clubs
- 2) Pilot the materials and activities in Poland and Romania with specific focus on peer-learning programmes, and evaluation and refinement of the materials
- 3) Widen the impact by engaging more organisations in Integration of Ukrainian Refugees Through Sport across Europe.
