Stand Up for Ukraine!

Every day Ukrainian youth, students and staff are defending the identity, values and humanity strongly, protesting in front of tanks and guns in the cities under invasion, **loosing their life defending Ukraine and Europe with bravery instead of enjoying life, studying, living and Erasmusing!**

At the same time russians* benefiting form the opportunities abroad!!!

Majority of russian HEIs benefited from EU's Programmes since 1993

- russians who behaved unhuman torturing Ukrainians, raping and killing women and kids were already educated in the period of Bologna Process implementation in russian education and under active cooperation between EU and russian universities, staff, students and young people!!! **WHERE IS THE IMPACT**?
- 280 rectors of universities from russia signed a letter in support of the russian aggression against Ukraine!!! Those russians who are abroad remain pro-putin MUST be deported back to russia!!!

Ukraine introduced sanctions for cooperation with organisation from Russia in all fields!!!

Recognition of Academic (Credit) Mobility and Qualifications

Recognition of higher education qualifications within the Higher Education system is carried out in accordance with the Law on Higher Education - by the decision of the Academic Council of the HEI.

Within Erasmus+ projects, Inter-Institutional Agreement is a MUST to organise official mobility and recognition of learning outcomes and mobility periods.

Recommendation: to have internal mobility regulations to avoid internal risks regarding the recognition of learning outcomes.

Impact

The main impact of the project was the provision of targeted and specific support to the participating countries to establish ESG-compliant QA agencies and to thereby improve the country's implementation of the Bologna Key Commitment on QA. The project therefore had a direct impact on supporting the EHEA and the collaboration of HEIs within it since it tackled the work of QA agencies (and thus the related HE systems within which they operate) that are not yet compliant with the ESG.
