

Overview and Recent Developments of Higher Education, amendments to legislation, priorities and initiatives, Ukraine' Education System Description (D.4.1, 4.1.2026)

[Svitlana SHYTIKOVA, Zhanna TALANOVA, NEO – Ukraine with participation of the HEREs: Mychailo WYNNYCKYJ, Associate Professor of the National University “Kyiv-Mohyla Academy”, Deputy Minister of Education and Science of Ukraine (2023-2025); Oleg SHAROV, Director General of the Directorate of Higher and Adult Education, Ministry of Education and Science of Ukraine; Olena KOZIEVSKA, Head of the Secretariat, the Committee on Education, Science and Innovations of the Verkhovna Rada of Ukraine – Parliament; Yuriy RASHKEVYCH, HERE Chair, Professor of the Lviv Polytechnic National University, Member of the National Qualifications Agency (2019-2025); Deputy Minister of Education and Science of Ukraine (2017-2019); Volodymyr BAKHRUSHYN, Professor of the National University “Zaporizhzhia Polytechnic”; Member of the Scientific and Methodical Council (Coordinator of the Higher Education Sector), MESU of Ukraine]

General context of the situation in Ukraine during martial law* (since 24.02.2022)

- ✓ 718 children are killed, more than 2685 are wounded, 20610 illegally deported
- ✓ Over 16 000 civilians are killed, plus over 100 000 in Mariupol
- ✓ Over 42 000 civilians are injured
- ✓ 3 mln. people: in the territories under temporary invasion
- ✓ 11.98 million people displaced due to the war, 6.6 mln. refugees
- ✓ 6,7 mln. abroad; 3,7 mln. internally displaced people
- ✓ over 18,8 mln. crossed the border, 11,7 to EU; 5,3 mln. returned
- ✓ out of 10.5 mln. young people in Ukraine: 4 mln. are displaced internally/abroad
- ✓ 4186 education institutions damaged, incl. 421 destroyed completely
- ✓ Emotional burnout among students and teaching staff, education losses
- ✓ War affected 1.5 million young Ukrainians, over 70,000 foreign students
- ✓ 44 HEIs, 65 units of HEIs and 45 VET institutions were temporarily relocated
- ✓ In 24 regions of Ukraine and Kyiv, the education institutions are operational in online, offline or blended/hybrid formats depending on the safety situation and shelters availability.

Thousands of Ukrainian children
put through Russian so-called
“re-education camps”

– Yale Humanitarian Research Lab report

February 15, 2023

*As of December 2025, from Internet resources and presentations including from the Ministry of Education and Science of Ukraine; Ministry of Youth and Sport of Ukraine, HEREs, NEO – Ukraine

Key reforms 2014 - 2025

<i>Law on Higher Education (2014):</i> Bologna Process ✓ 3 cycles – Jnr BA + BA + MA + PhD/ Doctor of Arts ✓ Implementation of the European Credit Transfer and Accumulation System, <u>ECTS – UA</u>; <u>ECTS – Eng</u> ✓ National Qualification Framework (NQF) introduced ✓ <u>Curricula</u> developed on competence-based and student-centred approaches using Learning Outcomes ✓ Mobility & Joint programmes ✓ Diploma Supplement – DS ✓ Academic, organisational, staffing autonomy (not yet financial) ✓ QA system in line with ESG ✓ National Qualification Agency established and fully operational, responsible for NQF and Recognition, professional standards <i>Law on Scientific and Scientific-Technological Activities (2015):</i> National Science Council ✓ Participation in Horizon 2020 ✓ <u>National Research Fund of Ukraine</u> <i>Law on Education (2017):</i> ✓ National Agency for Higher Education Quality Assurance established and fully operational (4000+ accreditation experts trained) ✓ National Qualification Framework (NQF) in line with QF EHEA and EQF LLL ✓ “New Ukrainian School” reform ✓ Competence-based programming ✓ 12-years school trajectory	2016-2025 ✓ Regulation on PhD studies approved by the Cabinet of Ministers of Ukraine (2016) ✓ PhD reform – adoption of a new legal framework for dissertation defences ✓ NAQA prepared for entry into ENQA/EQAR ✓ Strategy for the Higher Education Development in Ukraine 2022-2032 ✓ Regulation of the Cabinet of Ministers on the Right for Academic Mobility (<u>May 2022</u>) ✓ National <u>higher education standards</u> in compliance with National Qualification Framework (NQF) (420 developers involved; about 300 standards developed and approved) ✓ Law on Academic Integrity (18 December 2025) ✓ Regulation of the Cabinet of Ministers of Ukraine on the <u>Operational plan of measures for the Strategy implementation in 2025-2028 and amendments to the Strategy</u> (3 December 2025) ✓ Guidelines on (joint) study programme development in line with EHEA priorities (March 2025, <u>Order of the Ministry of Education and Science No. 518</u>) ✓ Guidelines for higher education standards development (March 2025, <u>Order of the Ministry of Education and Science No. 512</u>) Cabinet of Ministers of Ukraine Order No. 1406-r dated on December 10, 2025: <u>On approval of the action plan for preparation for associated participation in the European Union Programme “Erasmus+”</u>

**Ukraine's Education System
Description is at the page 33
Below

Initiatives and key activities of the Ministry of Education and Science of Ukraine in 2025

- ✓ Approval of the Operational plan of measures for the Strategy implementation in 2025-2028 and amendments to the Strategy (3 December 2025, Regulation of the Cabinet of Ministers of Ukraine):
 - Increasing budget funding and improving the performance-based formula of budget funding distribution according to the outcomes of higher education institutions activity.
 - Model of the state budget co-funding (state grants for higher education students).
 - Modernization (optimisation) of the higher education institutions network, support for research universities.
 - Harmonization of the statistics indicators system of Ukraine in higher education with the standards of the European Union.
 - Creating an inclusive educational environment, universal design and ensuring reasonable accommodation.
 - Strengthening the financial, academic, organizational and personnel autonomy of higher education institutions, in particular considering achievements, transparency and monitoring results.
 - Effective and rational use of nature.
 - Digital transformation of management, regulation and monitoring processes in higher education institutions and effective use of digital technologies in the educational process.
 - Approval of Guidelines for assessing the mission of higher education institutions related to solving social problems, developing entrepreneurship, and transferring technologies and innovations for the private and public sectors.
 - Focus on public (social) responsibility of higher education & the third mission of universities, providing special support to residents of temporarily occupied territories, unprotected and vulnerable groups of the population.
 - Support for national and international academic mobility of students, including sending them to study at foreign universities, maintaining all types of credit academic mobility in the Unified State Electronic Database on Education.
 - Development and approval of second-generation competency-based higher education standards.
 - Transformation of the system and criteria for higher education quality assurance in accordance with the ESG, introduction of institutional accreditation of higher education institutions.
 - Development of joint PhD programmes in cooperation between higher education institutions and research institutes of the National Academy of Sciences and national academies of sectoral sciences, approval of Guidelines for the implementation of joint PhD programmes.
 - Ratification of the Global Convention on the Recognition of Higher Education Qualifications.
 - Supporting cooperation between higher education institutions and research institutions, participation in the implementation of international research projects and programmes of the European Union, supporting national and international academic mobility of University teachers.

- ✓ Reform of individual learning pathway:
 - Introduction of the preparatory department "Open path to higher education" within HEIs for providing additional courses for applicants/entrants.
- ✓ Support for development of joint study programmes:
 - Guidelines for the implementation of agreed Joint Study Programmes and the issuance of Joint (Double) Degrees/Diplomas are approved (27 March 2025, Order of the Ministry of Education and Science of Ukraine).
- ✓ Ensuring international comparability of Ukrainian education: relevant statistics, qualifications system:
 - Presentation of the new approaches to education statistics in line with European standards at the website of the State Statistics Service of Ukraine (Ukrstat <https://stat.gov.ua/en/topics/education>, November 2025).
- ✓ Quality Assurance and Academic autonomy – development of higher education standards with reducing number of requirements to study programmes that are considered during accreditation:
 - Guidelines for Higher Education Standards Development are approved (27 March 2025, Order of the Ministry of Education and Science of Ukraine).
 - Guidelines for the compliance of study programmes with the detailed fields of the ISCED-F 2013 (31 December 2025, Order of the Ministry of Education and Science of Ukraine).

The Verkhovna Rada of Ukraine (Parliament) adopted **Law on Academic Integrity** on 18 December 2025, which for the first time forms the single comprehensive legislative framework of academic integrity in the system of education and science – from general secondary to higher education, research, awarding of degrees. The document defines the values, principles and rules of academic integrity, establishes types of violations, procedures for their consideration, response mechanisms and sanctions, and also clearly delimits the responsibility of individuals and institutions. The Law applies to the educational activities of education institutions; research activities; educational activities of students; creation, review and publication of academic papers; entrance exams, competitions, Olympiads; awarding of degrees, procedures for internal and external quality assurance of education and research; evaluation of research institutions. The Law establishes a list of major violations and separately regulates the use of results generated by computer programmes: such materials cannot be considered copyrighted if the fact of their use is not indicated. The Law establishes a procedure for considering reports of violations of academic integrity, which provides for specific deadlines, the rights of the parties, the obligation of education and research institutions to make decisions, mechanisms for preventing conflicts of interest, and the possibility of appealing such decisions. The presumption of academic integrity is established.

EDUCATION INSTITUTIONS IN 2024

Higher Education Institutions (types and statistics (2023/2024)* [changes compared to 2022/2023]:

	Higher Education Institutions	Academic staff
Total HEIs	314 (1,148 mln students) [-23 (+0,095 mln students)]	115 857 [-4 657]
Public HEIs	217 (1,113 mln students) [-29 (+0,095 mln students)]	<i>NA</i>
Private HEIs	97 (0,035 mln students) [+4 (0,0)]	<i>NA</i>
International students	33 328 [-16 671]	

VET Institutions (types and statistics (2023/2024)* [changes compared to 2022/2023]:

	VET Institutions	Students	Teacher staff
Total	314 + 664 = 978 [+25]	350013 + 225194 = 575 207 [+ 36753]	43121+28056 = 71 177 [+3215]
Public VETIs	948 [+20]	547 190 [+33000]	<i>NA</i>
Private VETIs	30 [+5]	28 017 [+4000]	<i>NA</i>
International students		195 [-245]	

Secondary Education Institutions types and statistics (2023/24)* [changes compared to 2022/2023]:

	Schools	School Students	Teaching staff
Total	12 701 [-275]	3 906 174 [-135 802]	390 089 [-11 747]
Public	12 247 [-223]	3 821 075 [-150 001]	381 240 [-12 948]
Private	454 [+48]	85 099 [+14 199]	8 849 [+1201]

*Source: State Statistics Service of Ukraine <http://www.ukrstat.gov.ua>

18491 researchers worked for 329 state/public research institutions, 4227 – for 119 HEIs in 2023.

National Academy of Sciences of Ukraine (NASU)

- 200 research institutes, centers, units and enterprises
- 24 980 staff, incl. 13 444 researchers
- 260 cooperation agreements with HEIs

5 Sectoral National Academies of Sciences in Law, Medicine, Agrarian, Education, Art.

Integration of the NASU and Sectoral Academies with HEIs is a priority.

Initiatives and key activities of the Ministry of Education and Science of Ukraine in 2024

- Implementation of the Strategy for the Development of Higher Education until 2032 and Operational Plan for the Implementation of the Higher Education Strategy for 2025-2028
- Reform of individual learning pathway – shift to credit accounting (30-80 ECTS credits per year) in particular
 - Reformed content for “regulated professions” – Medical, Maritime, etc.
- Expansion of “cooperative” (dual) education programmes – study + work for credit
 - Particular emphasis on STEM and Computer Science – MA level
- Transformation of funding mechanism – introduction of state grants for students
- Mergers – “modernisation” of HEIs network, establishment of centers of excellence
- Ensuring international comparability of Ukrainian education: relevant statistics, qualifications system
- Academic autonomy – liberalization of higher education standards for specialties for unregulated professions
- Academic integrity – special draft law (bill 10392)
- Expanding the participation of students and faculty in University governance – special draft law (bill 10279)
- Harmonization of the List of Fields of Knowledge and Specialties with ISCED

National Priorities for the Capacity Building Projects is communicated to the HEIs of Ukraine during Erasmus+ Infodays and by official letter on December 10, 2024 – [at the link](#).

In 2024 Regulations on the study programmes accreditation updated in line with innovations of the Law On Higher Education were approved by the Ministry.

The Regulation on accreditation of study programmes includes the following novels:

- ✓ the scale of compliance by criteria has been adjusted;
- ✓ the conditions of decisions of the National Agency for Higher Education Quality Assurance for accreditation with the definition of "exemplary", accreditation and conditional (deferred) accreditation under the full procedure have been clarified;
- ✓ the procedure for conducting post-accreditation monitoring and working with restricted access information during accreditation has been regulated;
- ✓ accreditation of a study programme agreed upon between higher education institutions (joint programmes) has been determined;
- ✓ the possibilities for simultaneous accreditation of several study programmes in frame of the specialties and fields have been expanded;
- ✓ the stages of the accreditation procedure have been determined;
- ✓ a model for cancelling the decision on the appointment of an expert group, procedures for terminating and suspending accreditation have been introduced.

At the same time, the changes to this Regulation do not include the peculiarities of accreditation of study programmes in more than one specialty/subject area/profession (Article 25 of the Law of Ukraine "On Higher Education"), which is especially relevant for the training of school

teachers for whom the possibility of mastering study programmes in two specialties is provided in different fields of education, as well as in different subject specialties (order of the Ministry of Education and Culture of Ukraine dated November 11, 2022 No. 1006).

Also, taking into account the widespread introduction of study programmes in the hybrid or distance mode of higher education (digital study programmes) due to the security situation during the war and pandemic, it is necessary to provide for the specifics of the accreditation of such study programmes. Moreover, since digitalization is a priority area of development of higher education in the EHEA, there are a number of relevant strategic documents and recommendations regarding the quality of such programmes.

Provisions on accreditation of independent institutions for higher education quality assessment and assurance as well as provisions on institutional accreditation of higher education institutions are in the process of being developed.

The implementation of the provisions of the Law of Ukraine "On Higher Education" (Article 18) regarding the development of criteria for assessing the quality of educational activities of higher education institutions, which can be used to determine national university ranking, remains unfulfilled. The development of such criteria by the NAQA is important in the future to be used for institutional accreditation in order to improve higher education quality. Institutional assessment for such accreditation covers the entire activity of the higher education institution and concerns the processes of strategic management, decision-making, organization and quality assurance, as well as resources and results, which are compared to certain minimum requirements or standards that higher education institutions must meet. Assessment conclusions should be based not only on the subjective judgments of experts, but first of all, on objective criteria and compliance of the real state with the institutional mission and objectives.

The analysis of the open official statistics revealed that there are no or incomplete data on various indicators for all levels of education in Ukraine, in particular on inclusive groups of students, drop-outs rates, etc. (as for 2024).

Optimization and modernization of the higher education institutions network poses a challenge for the development of higher education in Ukraine, given the demographic and migration situation.

Below is a graph of the demographic curve "Demography: complex prospects": the vertical scale is the number of people born 18 years ago; green is the pessimistic scenario taking into account temporarily occupied territories and migrants fleeing the war.

DEMOGRAPHY: COMPLEX PROSPECTS*

ДЕМОГРАФІЯ: СКЛАДНІ ПЕРСПЕКТИВИ

*Source: Ministry of Education and Science of Ukraine

The Ministry's plan for modernization of the HEI network:

- ✓ Modernization – investments in consolidated Centers of Excellence based on leading University;
- ✓ Average number of students at public HEIs (subordinated to the Ministry of Education and Science & Ministry of Health) 10,000:
 - this does not apply to the HEIs subordinated to the Ministry of Culture and the Ministry of Defense,
 - this does not apply to the institutions that were relocated in 2022,
 - this does not apply to HEIs in small cities where they are the only ones ("city-forming");
- ✓ In larger cities, smaller HEIs will merge with larger ones or two HEIs will merge by sectoral similarity (Health, Pedagogic, Agrarian, etc.);
- ✓ The first stage of consolidation: we merge "sectoral" HEIs (which are often no longer sectoral-specific) with classical, polytechnic ones;
- ✓ Each HEI merged in 2024-2025 will receive an investment for laboratory equipment in the amount of \$1.5 million within 6 months after the relevant decision of the Cabinet of Ministers of Ukraine.

Structure of the higher education institutions network (as of end of 2024)

<i>Subjects of educational activity in the field of higher education</i>	<i>Total</i>	<i>Public</i>	<i>Municipal</i>	<i>Private</i>
Higher education institutions (public: MESU, MH, MK, MF, others)	265	151	23	91
Higher military educational institutions	11	11	0	0
Higher education institutions with special training conditions	10	10	0	0
Vocational pre-tertiary education institutions that offer Bachelor's programmes	57	42	14	1
Territorially separate structural unit of HEI (affiliate)	70	28	0	42
Territorially separate unit of HEI with specific training conditions (affiliate)	3	3	0	0
Postgraduate education institutions	7	3	4	0
Research institution (Kyiv Academic University)	1	1	0	0
Institutions of higher religious education	3	0	0	3
Military educational unit of a higher education institution	11	11	0	0
Research institutions that offer only PhD programmes	182	181	0	1
Total:	620	441	41	138

*Source: Ministry of Education and Science of Ukraine

The Ministry has developed not only a network modernization plan (above), but also regulatory documents: Draft Law On Prerequisites for the Modernization of the Education Institutions Network and Regulations on Joint Study Programmes of Research Institutions and Higher Education Institutions.

The vision of the future of HEIs network modernization is presented in the figure below. Therefore, the number of institutions should be reduced from 482 public institutions to 80-115. The territorially separate structural units of HEIs (affiliates) will be integrated into local HEIs or closed.

Vision: What we need to achieve:

Important documents that influence the development of higher education in Ukraine are the following.

The Law On Individual Educational Paths / Trajectories provides for the possibility of acquiring 30 ECTS credits per academic year, instead of 60, thus increasing the period of study in higher education, which is important for students who work or, due to various circumstances, cannot study with full workload (inclusive groups, etc.).

The new List of Fields of Education / Knowledge and Specialties is mainly consistent with ISCED, which brings the higher education system of Ukraine closer to the European one, in particular, contributes to the development of educational statistics.

Also, 2 Experimental projects have been introduced to test innovations in higher education and further prepare relevant legislation:

- ✓ State grants for students who successfully pass entrance exams;
- ✓ Supervisory Boards that have received broad powers to manage higher education institutions, including the election of the Rector.

Pending Laws (some of them have already been registered with the Parliament and received a registration number for further consideration, some are still under development):

- ✓ Adult Education Bill (7039);
- ✓ National Qualifications System Bill;
- ✓ Debureaucratization of the Ministry of Education and Science Bill (9601)
- ✓ Prerequisites for HEIs Network Modernization Bill;
- ✓ Academic Integrity Bill (10392);
- ✓ Student Self-Government Bill (10279).

EDUCATION INSTITUTIONS IN 2023

Higher Education Institutions (types and statistics (2022/2023)*:

	Higher Education Institutions (Universities, Academies, Institutes)	Academic staff
Total HEIs	347 (1,053 mln students)	120 514
Public HEIs	246 (1,018 mln students)	
Private HEIs	101 (0,035 mln students)	
International students	49 999	

VET Institutions (types and statistics (2022/2023)*:

	VET Institutions	Students	Teacher staff
Total	283 + 670 = 953	301765 + 236689 = 538 454	38006+29956 = 67 962
Public VETIs	928	0,514 mln	
Private VETIs	25	0,024 mln	
International students		440	

Secondary Education Institutions types and statistics (2022/23)*:

	Secondary Education Institutions	School Students	Teaching staff
Total	12 976	4 041 976	401 836
Public	12 570	3 971 076	394 188
Private	406	70 900	7 648

*Source: State Statistics Service of Ukraine <http://www.ukrstat.gov.ua>

19254 researchers worked for 345 state/public research institutions, 4034 – for 113 HEIs in 2022.

22056 researchers worked for 374 state/public research institutions, 4293 – for 126 HEIs in 2021.

National Academy of Sciences of Ukraine (NASU)

- 160 research institutes
- 29 870 staff, incl. 15 530 researchers
- 260 cooperation agreements with HEIs

5 Sectoral National Academies of Sciences in Law, Medicine, Agrarian, Education, Art.

Integration of the NASU and Sectoral Academies with HEIs is a priority.

Initiatives of the Ministry of Education and Science of Ukraine in 2023

- Reform of learning pathway – shift to credit accounting (30-80 ECTS credits per year) in particular
 - Reformed content for “regulated professions” – Medical, Maritime, etc.
- Secondary school completion testing – 3+1 subjects (4+1 in 2025 onward)
- Expansion of “cooperative” (dual) education programmes – study + work for credit
 - Particular emphasis on STEM and Computer Science – MA level
- Transformation of funding mechanism – introduction of grants
- Autonomy experiment – 2024 is a key year
- Mergers – “modernisation” of HEIs network, establishment of centers of excellence

National Priorities for the Capacity Building Projects is communicated to the HEIs of Ukraine during Erasmus+ Infodays and by official letter on December 20, 2023 – [at the link](#)

European Commission Recommendations – Enlargement Policy (Reports)

Chapter 26 – Education and culture

The EU supports cooperation in education and culture through funding programmes and the coordination of Member State policy through the ‘open method of coordination’. The EU and the Member States must also prevent discrimination and ensure quality education for children of migrant workers, including those from disadvantaged backgrounds.

Ukraine has **some level of preparation** in the area of education and culture. The education system and youth policy are broadly aligned with EU objectives. Ukraine’s cultural policy reflects the general priorities of the New European Agenda for Culture. Ukraine has a good level of cooperation with its European partners on sport. The country is broadly aligned with EU policy on training and qualifications. **Some progress** has been achieved in all these areas.

In the coming year, Ukraine should in particular:

- develop a plan for a relevant statistical data collection, analysis and sharing mechanism for education and training;
- start implementing a plan to optimise the network of education institutions;
- adopt legislation to modernise and regulate professional education (vocational education and training).

PRIORITIES during Martial Law in Ukraine*

- Everything for the Armed Forces! All for Victory! – finances, people, resources
- Safety of students and University staff
- European and Euro-Atlantic integration
- Re-establishment of classroom training in the remote regions
- Policy for veterans support – their integration in education and society
- Return of people fleeing from war – internally relocated and from abroad

EUROPEAN INTEGRATION AND HIGHER EDUCATION

- Implementation of the Strategy for the Higher Education Development in Ukraine – 2022-2032
- Bologna Process implementation
- Transformation of the education institutions network – higher education, VET, school
- Ensuring international comparability of Ukrainian education, relevant national statistics introduction and implementation
- Continuation of education reforms – quality assurance, recognition, autonomy

- Development of the national system of qualifications

REFORMS IN THE CONTEXT OF THE INDICATORS OF THE BOLOGNA PROCESS

- Instruments of comparability and harmonisation in higher education
- Fundamental values: declaration, legislation, practical implementation
- Social dimension of higher education
- Excellence in learning and teaching
- Internationalisation: unusual and extraordinary

COMPARABILITY AND HARMONISATION

- ECTS (not only ECTS credits), three-cycle higher education, Diploma Supplement – success and continuation
- National Qualifications Framework, Global Convention on the Recognition of Higher Education Qualifications, recognition of non-formal and informal education – fast developments and confidence in success
- Harmonisation of the List of fields of education with ISCED-F 2013 – overcoming local complexes

CASE: LIST OF FIELDS OF EDUCATION

Obligations for European Integration

EU Regulations No. 452/2008, 317/2013, 912/2013 for the comparability of education and educational statistics require adherence to the International Standard Classification of Education

Strategy for the Higher Education Development in Ukraine for 2022-2032

Operational goal 4.1. To be understood by the world.

Task 4.1.1. Ensuring the harmonization of the structure of higher education of Ukraine in accordance with the obligations of the member countries of the European Higher Education Area

Plan of Priority Actions of the Government for 2023

Item 267. Bringing the List of fields of education into compliance with the International Standard Classification of Education

WHY CHANGES IN TIME?

Regulations are no longer active	List of areas of training of specialists with higher education by professional direction, specialties of various qualification levels and labour professions (Decree of the Cabinet of Ministers of Ukraine dated May 18, 1994, No. 325, no changes)
	List of area and specialties for specialists training at HEIs according to the relevant qualification descriptors (Decree of the Cabinet of Ministers of Ukraine dated May 24, 1997, No. 507, 10 amendments)
	List of areas in which specialists are trained in HEIs for the Bachelor's degree (Decree of the Cabinet of Ministers of Ukraine dated December 13, 2006 No. 1719, 10 amendments)
	List of specialties for which specialists are trained in HEIs for the Master's degree (Decree of the Cabinet of Ministers of Ukraine of June 20, 2007, No. 839, 4 changes) List of specialties for which specialists are trained in HEIs for the Master's degree (Decree of the Cabinet of Ministers of Ukraine dated August 27, 2010 No. 787, 6 amendments)

List of fields of education (Decree of the Cabinet of Ministers of Ukraine No. 266, 2015, 4 amendments)
--

UNIVERSITY AUTONOMY

- Academic autonomy – liberalisation of higher education standards in specialties for unregulated professions
- Organisational autonomy – preparation of an experiment to strengthen the role of the supervisory board (stakeholders)
- Staff autonomy – final assignment of academic titles by higher education institutions
- Financial autonomy – restoration of the Formula for the distribution of state funding in higher education, state grants for education

ACADEMIC FREEDOM

- University teachers have the right to either conduct research or focus on teaching
- For students – a set of tools for the individualization of the learning path, transfer to another HEI with preservation of state funding of education, student-centred model of deduction, state-sponsored training in certain specialties, financed by the state, with the obligation to work for a certain period under certain conditions or state grant without obligation

INDIVIDUALISATION OF LEARNING PATHWAY/TRACK

(Law No. 10177 adopted by the Parliament as a basis on November 21, 2023)

- Definition of the concept – individual learning pathway
- Liberalization of learning pathway: 30-80 ECTS credits per academic year
- Interdisciplinary study programmes at all levels of higher education
- Recognition of the learning outcomes of previous education at HEI, VET institution, academic mobility period and outcomes, non-formal education
- Development and support of joint/double degree study programmes

INITIATIVES OF UKRAINE'S PARLIAMENT MEMBERS

- The Draft Law On Academic Integrity is in the final stages of development in the Parliament
- The Draft Law on Amendments to the Law of Ukraine “On Higher Education” on expanding the rights of student self-government bodies and ensuring the rights of students was registered in the Parliament (No. 10279)

SOCIAL DIMENSION

- Transformation of state funding of higher education
- Equal access to higher education (external independent assessment, single entrance exam)
- Support of vulnerable categories of entrants and students, especially related to the war
- Recognition of learning outcomes obtained in the temporarily occupied territory
- Re-establishment of classroom training in the remote regions of Ukraine

STUDENTS OF HIGHER EDUCATION INSTITUTIONS BY FUNDING SOURCES (as of the beginning of 2022/23) – binary system

The state pays for everything!	The state does not pay anything!
Financing of education by the state for a state order on professionals in certain fields of education 418 237 students (39,7%)	Financing of education at the expense of individuals and legal entities 635 497 students (60,3%)
Preferential long-term loan (34 students) and vouchers (2) = 36 (0,003%)	

CO-FINANCING AND STATE GRANTS

- Co-funding instead of a binary system ("all or nothing"), joint responsibility of the state and families/businesses
- State order on professionals in certain fields of education: provision of public needs, the minimum volume is kept for each field/ specialty / profession
- State grants for education depend on the HEI and field/ specialty / profession, HEIs receive funds on a special account

TRANSFORMATION OF HIGHER EDUCATION FUNDING SOURCES

1. State order (general funding fund) 2. Preferential long-term loan (general funding fund, financial agent – HEI) 3. Vouchers of the State Employment Service (non-competitive) 4. Funds of individuals and legal entities (contract)	1. State order (general funding fund) 2. State grants for higher education (special funding fund) 3. Preferential long-term loan (special funding fund, financial agent – bank) 4. Vouchers of the State Employment Service (adult education) 5. Funds of individuals and legal entities (contract)
---	---

TARGET MODEL OF DISTRIBUTION BY FUNDING SOURCES (students, at least 5 years)

The state pays for everything!	The territory of co-funding!		The state does not pay anything!
Financing of education by the state for a state order on professionals in certain fields of education 418 237 students (39,7%)	State grants (non-refundable) 25-30%	Preferential long-term lending 8-12%	Financing of education at the expense of individuals and legal entities 635 497 students (60,3%)
About 67% 			About 33%
Vouchers – 1-2% (public funding, adult education)			

TEMPORARY OCCUPIED TERRITORIES: REINTEGRATION ALGORITHM

(adopted by the Parliament on November 21, 2023)

- Education documents issued in the temporarily occupied territories are not recognized
- Learning outcomes obtained in the temporarily occupied territories are assessed and recognized within conditionally safe limits (with state funds)
- The possibility of recognition is not a guarantee of recognition
- Continuation of education, acquisition of general cultural and civic competences is welcomed, quotas and vacancies are provided with state funding

TEMPORARY OCCUPIED TERRITORIES: HIGHER EDUCATION and “RED LINES”

- Recognition of learning outcomes and ECTS credits in the amount of up to 75% of the study programme when obtaining higher education based on secondary education or 5 NQF level education
- A diploma of higher education is not awarded without the acquisition of Ukrainian general cultural and civic competences
- Not subject to recognition (may be obtained anew): Master's and PhD degrees, as well as higher education in Law, International Relations/Law, Security, History and other ideologically sensitive fields/specialties

LEARNING AND TEACHING

- Student-oriented learning
- Adult education
- Strengthening of training requirements for regulated professions
- Involvement of practicing teachers
- Improvement of the mechanisms of accreditation of study programmes
- Improving the qualifications of academic staff

DIGITALISATION

- Online learning during pandemic and martial law, distance learning development, management systems
- National exams in digital format
- Development of the Unified State Electronic Database on Education – enrollment campaign, history of learning pathway
- Monitoring employment of graduates (Ministry of Education and Science of Ukraine in cooperation with the Pension Fund of Ukraine)
- The Unified Interdepartmental Information System for foreigners, who want to study in Ukraine

Summing up Ministry of Education and Science of Ukraine Strategic Priorities

Autonomy – rewarding quality and performance (Top-20)

- Pre-conditions for HEIs network transformation – division of HE/VET institutions
- Incentivizing reputation management – priority of capital improvements

Student agency

- Individual pathway (30-80 ECTS credits per year + de-emphasize fields of education/specialties in favour of study programmes)
- Harmonising national classification of fields of education with ISCED-F 2013
- Introduction of “grants” in non-critical fields of education

Quality of teaching and learning

- Digitalisation and centralized (rather than standardized) testing
- NAQA entry into ENQA/EQAR + WFME / National Qualifications System

Academic community development

- Training for university leaders / HEI management evaluations (EUA standards)
- Incentivizing research / balance with teaching (bill 9600)

War recovery – shelters, reconstruction of damaged infrastructure, building new innovative.

Strategy for the Higher Education Development in Ukraine for 2022-2032 (Стратегія розвитку вищої освіти в Україні на 2022-2032 роки) (Regulation of the Cabinet of Ministers of Ukraine, on 23 February 2022, in Ukrainian, <https://zakon.rada.gov.ua/laws/show/286-2022-%D1%80#Text>) is developed in line with European Integration prospects as well as EHEA principles.

Recent amendments to the **Regulation of the Cabinet of Ministers of Ukraine “On the approval of the Procedure for the implementation of the right to academic mobility”**, 13 May 2022, in particular: internships (for practical skills development) and language internships were added as forms of academic mobility, the right to mobility was extended to VET students.

Amendments to the Law On Higher Education, 2022: the Annual report of the Rector of the HEIs must contain information on the level of achievement of the key performance indicators of the higher education institution, determined by the contract with the Ministry.

Ukraine Recovery Plan, project of the working group «Education and Science» (План відновлення України, проєкт робочої групи «Освіта і наука»), 2022. (<https://www.kmu.gov.ua/storage/app/sites/1/recoveryrada/ua/education-and-science.pdf>) presents the vision and ways of development of education and science in the conditions of martial law and post-war recovery, in particular, it contains a description of specific projects to attract international investments. National Platform for the Recovery Plan - <https://recovery.gov.ua/en/project/program/improve-education-system>

2021

Recent amendments to the Law On Higher Education:

- the main change on the election of the Rector of the HEI – if there is the second round of the election, 50 % of those who participated in the vote are required, not from the total number of people, who have the right to participate (Law 1216-IX, <https://zakon.rada.gov.ua/laws/show/1216-20#n2>)
- increasing institutional autonomy concerning using property of public higher education institutions (Law 1557-IX, <https://zakon.rada.gov.ua/laws/show/1557-20#n6>)
- cancellation of restrictions on sectoral representation for students and employers in frame of the selection procedure for membership of the NQAA (Law 1838-IX, <https://zakon.rada.gov.ua/laws/show/1838-20#n6>)
- harmonizing the structure of military education in line with the NATO standards, granting the relevant bodies the authority to independently resolve issues of military education (Law 5641, http://w1.c1.rada.gov.ua/pls/zweb2/webproc4_1?pf3511=72182)

The Cabinet approved *the Concept of the State programme for the development of research infrastructures in Ukraine until 2026* on 14 April 2021 (<https://www.kmu.gov.ua/npas/proshvalennya-koncepciyi-derzhavnoyi-cilovoyi-programi-rozvitku-doslidnickih-infrastruktur-v-ukrayini-na-period-do-2026-roku-i140421-322>).

After the public discussions of the draft Order of the Cabinet “*On approval of the Concept of the State programme for the renovation and development of the HEIs’ students hostels network for 2021-2025*” finished on 1 September 2020 the document is on the improvement of the MESU to be further agreed with other public authorities (<https://mon.gov.ua/ua/news/mon-proponuye-do-gromadskogo-obgovorenniya-proyekt-rozporyadzhennya-kmu-pro-shvalennya-koncepciyi-derzhavnoyi-programi-vidnovlennya-ta-rozbudovi-merezhi-gurtozhitkiv-dlya-prozhivannya-studentiv-zakladiv-vishoyi-osviti-na-2021-2025-roki>)

The State Programmes foresee the activities list, responsible persons, deadlines, and state funds for their implementation. As a matter of fact, their implementation will start under conditions of the reconsideration of the State Budget 2021.

(2) Situation with the **National Agency for Higher Education Quality Assurance (NAQA)**.

The MESU has prepared the draft Law On Amendments to the Certain Laws of Ukraine (ref. № 1/12-3604 dated 30.07.2020) and submitted to be agreed by the Cabinet of Ministers of Ukraine and other national authorities.

The draft Law concerns the change of the NQAA *status and formation procedures*.

The key recommendation of the draft Law is to change from a **public collegial body status** (under the Ministry) to an **executive body status**. (* In 2013-2014, during the preparation of the Law of Ukraine “On Higher Education”, the possibility of establishing a National Agency as an executive body was considered, but the proposal was rejected by the Ministry of Justice and other authorities - preventing an increase in the number of executive bodies).

Currently, the Ministry itself *approves* the documents developed by the NAQA concerning the national level activities (e.g., Regulations on accreditation of study programmes, etc.). NAQA *funding* is carried out from two sources – the State Budget (the chief administrator is the Ministry) and incomings from HEIs (payment of services on accreditation).

Thus, as an executive body, the NAQA becomes a chief administrator of own funding, so it acquires independence in approving decisions and funding, i.e. it becomes more independent from the Ministry. However, it will be provided if the current NAQA formation procedure is maintained – the NAQA members are selected by an international Competition Commission, the NAQA Chairman is elected by the NAQA members and appointed by the Government, the Secretariat staff is appointed by the elected Chairman, and the Secretariat is a public service.

As for the *NAQA formation procedure*, the provisions on the establishment of an international Competition Commission and the procedure for NAQA members competitive selection, as well as their rotation every 3 years and election of the NAQA Chairman as in the Law On Higher Education have been *removed by the draft Law* (there is simply NAQA staff appointment by the Government). Provisions on the principles of forming the composition of the NAQA – representation of HEIs, research institutions, employers, students; balance of education fields' representation; gender balance, etc. as in the Law On Higher Education have been *removed by the draft Law*. In addition, one important point is *a draft Law does not provide NAQA quality assurance according to the ESG as it is in the Law On Higher Education 2014*.

In this context, the NQAA really ceases to be an independent organization and does not acting according to the ESG. As of June 2021 this draft Law was postponed and not considered by the Cabinet.

On *March 11, 2021*, Hearings on accreditation issues and the National Agency for Higher Education Quality Assurance were conducted in the Verkhovna Rada Committee on Education, Science and Innovation with participation of NEO – Ukraine and HEREs. Issues on accreditation and NAQA activity were discussed by the Parliament's Members, representatives of the Ministry, NAQA, HEIs, NEO – Ukraine, HEREs. The recommendations of the Hearings emphasized the importance of further implementation of ESG-2015 in Ukraine, ensuring NAQA independence and improving QA activities.

On *March 30, 2021* the Law “On amendments to some Laws of Ukraine concerning settlement of some issues of awarding scientific degrees and licensing of educational activity” was adopted by the Verkhovna Rada of Ukraine (Parliament). In particular, it cancelled NAQA authority to implement public policy in higher education. At the same time, its authority to accredit specialized scientific councils for the defense of PhD dissertations and the authority of the Ministry of Education and Science to approve decisions on the award of PhD degrees were cancelled. According to the new regulation, the decision of the HEI on awarding a scientific degree doesn't require approval, but may be cancelled by NAQA due to violations of academic integrity.

On *April 14, 2021* a workgroup of Verkhovna Rada Committee on Education, Science and Innovation was created to work out amendments to the Law of Ukraine "On Higher Education" regarding NAQA status in order to harmonize it with other laws in compliance with ESG-2015 recommendations about its independence and core functions.

2020

(1) As a result of the meeting of the Rectors of the leading Ukrainian Universities (2 June 2020), the **President Decree “On the improvement of the higher education of Ukraine”** of 3.06.2020 № 210/2020 has been issued (<https://zakon.rada.gov.ua/laws/show/210/2020#Text>). It specifies the following activities:

- Creation of **the Council on the Higher Education development in Ukraine** as a consultative-counseling body of the President of Ukraine.

The Head of the President’s Office had to submit the Regulations about the Council and its members – by 17 June 2020, no other information is available on this matter as of June 2021.

- The Cabinet of Ministers have to approve the following documents:

On September 1, 2020 – **Action Plan for promotion of the STEM education** developed in cooperation with the National Institute of Strategic Studies, National Academy of Science of Ukraine, National Academy of Educational Sciences of Ukraine (The Action Plan was adopted on 13 January 2021) (<https://www.kmu.gov.ua/npas/pro-zatverdzhennya-planu-zahodiv-sh-a131r?fbclid=IwAR0wAdPwkgIGHfqBvwQphNLBys7zn8hvAfHLgXh6g-kZIynYXJuwTIuUc1w>).

- **Action Plan for promotion of the higher education opportunities for the foreign students in Ukraine** developed by the subgroup, which was created within the Workgroup on the Higher Education Development Strategy 2031 (The Action Plan was adopted on 21 April 2021) (<https://zakon.rada.gov.ua/laws/show/350-2021-%D1%80#Text>).

On 1 November 2020 – **Higher Education Development Strategy 2031** to set up the key objectives and priorities, taking into consideration global trends of the world economy.

The Ministry of Education and Science of Ukraine in cooperation with the National Institute of Strategic Studies and the National Academy of Science of Ukraine has been assigned responsible for the Strategy by the Government.

The Deputy Minister of Education and Science of Ukraine has been appointed responsible for European Integration and as Temporary Acting Minister (Cabinet of Ministers Orders (25.06.2020. № 759-p, 25.06.2020 № 761-p).

Temporary Acting Minister formed the **Workgroup for the Higher Education Development Strategy 2021-2031** (the Order of 28.07.2020 № 974), which is divided into the subgroups according to the strategic goals defined by the Ministry, while the *Internationalization* goal was not in the list among:

1. Analysis of the current Ukraine’s higher education state of play
2. International experience of the higher education system organisation
3. Forecast of the labour market needs in higher education graduates
4. *Institutional forms of obtaining higher education in Ukraine*
5. *The University teacher of the future*
6. *Innovation technologies in higher education, distance learning, scientific and methodological developments for higher education*
7. *Research and technical activities within higher education*

8. *Entrepreneurship skills development in frame of the higher education*
9. *Higher education system and smart-specialisation of the regions, building of the regional eco-systems and clusters of Industry 4.0*
10. *Education monitoring and quality assessment system*
11. *Higher education funding*
12. *Development of the higher education governance system*
13. *Promotion of the higher education opportunities for the foreign students in Ukraine (for the **Action Plan**).*

The Workgroup and subgroups members list (*incl. 6 HEREs and 1 NEO representative*) and meetings are placed at the special *Strategy website* to invite wider audience to provide contributions (<http://www.reform.org.ua/workgroup.html>).

The subgroups proposals are submitted to the MESU for the generalization.

The latest e-meeting of the Workgroup was led by the 1st Deputy Minister – Mr. Kyzym on September 4th, 2020.

NEO – Ukraine also submitted proposals for the higher education internationalization in Ukraine, which were not taken into account in the draft Strategy, which was discussed at the meeting of the Workgroup on 4 September.

Now, after receiving comments and suggestions, the draft Strategy is being finalized by the Ministry of Education and Science in close cooperation with HEREs and in line the new legal requirements on strategic documents.

The Law with amendments to the *Law of Higher Education* and *Law of Education* concerning *improvement of educational process in higher education* (adopted by the Parliament and signed by the President of Ukraine on January 13, 2020) are compatible with the Bologna Process in general and includes the following key provisions:

1. Higher education institutions are allowed to issue a higher education document (Diploma/Degree) under an accredited study programme only. This provision somewhat limits the academic autonomy of institutions, as any higher education documents issued under a non accredited programme will not be accounted in the National Unified Education e-Database and recognized by the state.
2. *License requirements* for conducting educational activities in higher education institutions are supplemented by the requirement to create appropriate conditions for persons with special educational needs. License requirements allow the offer of Junior Bachelor's (higher education short cycle) and Bachelor's degree programmes not only by higher education institutions but also by pre-tertiary vocational institutions (VET).
3. *License* is granted by the Ministry for conducting educational activity on certain higher education level/cycle and not within a specific Program Subject Area (specialty) (as it was in previous version of the Law).
4. The *List of Fields of Study and Program Subject Areas* (specialties) in Higher Education is developed *on the basis of the International Standard Classification of Education* and approved by the Cabinet of Ministers of Ukraine, which will ensure comparison of higher education documents (Diploma/Degrees) and collection of statistics on higher education.

5. The *contract* with the Rector will identify the higher education institution performance indicators (KPI), the achievement of which must be provided by the Rector, as well as the timing and mechanisms of verification of achievement of such targets.
6. Introduced *dual higher education* as full-time education, which provides on-the-job training at enterprises, institutions and organizations for the acquisition of certain qualification (in the amount of 25-60 % of the study programme).
7. The higher education institution has the right to decide on the *teaching of one, several or all courses, the completion of individual tasks and the conduct of control measures in English*, provided that all students who study the respective courses are enough competent in English. If there is a written request from one or more students, the higher education institution provides translation into the Ukrainian.
8. **National Qualifications Framework** (2011, 2020) with **8 levels** of qualifications according to the *amendments to the Law of Ukraine “On Education”* (2019) and QF LLL (2017) was approved by the Cabinet of Ministries of Ukraine in 2020.

Note* The NQF with **11 levels** of qualifications (based on EQF LLL) was approved by the Cabinet of Ministries of Ukraine in 2011.

2019

The **Law of Vocational Pre-Tertiary Education*** (2019) is compatible with the Bologna Process in general and includes the following key amendment to the Law of Higher Education and the Law of Education:

1. Introduce a new level of NQF (5th) for qualifications relevant to Vocational Pre-Tertiary Education within VET; therefore NQF includes 11 levels now. Tertiary (Higher) Education consists 5 levels and the Law determinates correspondence between higher education levels, postdoctoral/scientific level (Junior Bachelor – Bachelor – Master – PhD – Doctor of Science) and levels of ***National Qualification Framework*** (6 – 7 – 8 – 9 – 10)

**Law of VET Education is under development now.*

2017-2018

The **Law of Education (2017)** is compatible with the Bologna Process in general and includes the following key provisions:

1. Introduce *12-years complete general secondary school* within 3 stages – for primary education – on September 1, 2018; for basic secondary school – on September 1, 2022; for field-specific secondary school – on September 1, 2027 (*Part XII. CONCLUDING AND TRANSITIONAL PROVISIONS*).

2. Implement European approach to assure right of equal access to education and inclusive learning for *people with disabilities* (persons with special educational needs) (*Article 19, 20*).

3. Introduce the institute of *Education Ombudsman* for providing good conditions for realization of the right to education within education system (*Article 73*).

4. Present *formal, non-formal and informal education* as means of life-long learning (*Article 8*).

3. Implementation of reviewed National Qualification Framework (*see Table*) – **11 levels** of qualifications (0-10) *incl.* Higher Education (Junior Bachelor (*short cycle*), Bachelor – Master – PhD) and plus so called 4th or postdoctoral cycle – Doctor of Science (*Article 36*).

Determination of *correspondence* between educational levels and levels of *National Qualification Framework* (for Higher education: 6 – 7 – 8 – 9 – 10 levels) (*Article 10*) (*see Table*).

Introduce *Doctor of Art degree* in frame of the 3th cycle of Higher Education for artistic qualifications / professions along with PhD degree for other qualifications / professions.

4. Introduce definitions for professional and educational qualifications; *descriptions* of the National Qualification Framework corresponding with EQF LLL; *Sectoral Qualifications Frameworks*, *Qualifications Centres* for Learning Outcomes and *Qualifications Recognition* (including via informal and nonformal education) in line with Lisbon and Bologna processes; *National Qualifications Agency* for maintaining NQF implementation in particular (*Article 34, 35, 36, 38*).

5. Widen University *Autonomy* via introducing several legal statuses for HEIs – state-funding institution (present status for state HEIs); non-commercial education institution; commercial education institution (*Article 22*).

6. Establish *obligatory correlation* between *Education Standards* and *NQF* (*Article 32*).

7. QA system *novation* is ***Academic Integrity*** as well as ***Institutional Accreditation*** (voluntary procedure by HEI initiative, assessment of quality of educational activity of the HEI) (*Article 42, 46*).

8. Assure *Teaching Quality improvement* – State provides support to advanced training of State HEIs academic staff via additionally allocated funds from the State Budget and the amount of these funds cannot be less than 2 % of the academic staff salary fund (*Article 78*).

9. On the day this Law enters into force, ***the powers of the members of the NQAA*** in Higher Education delegated by the National Academy of Sciences of Ukraine, national sectoral academies of sciences, elected by congresses from the representatives of HEIs, Joint Representative Body of all-Ukrainian Association of employers' organizations, congress of representatives of students ***are terminated*** (*Part XII. CONCLUDING AND TRANSITIONAL PROVISIONS*).

10. *The Ministry provides study programmes accreditation* according to the procedure envisaged for accreditation of disciplines and specialities until approval, according to the procedure established by the Law on Education, of the regulations about study programmes accreditation.

11. Some *key amendment* to the Law of Ukraine “On Higher Education” (2014):

(1) Introduce new approach to *formation* of the **NQAA – National Agency for Quality Assurance in Higher Education** is composed on 23 persons appointed by the Cabinet of Ministers of Ukraine on the basis of the decision of the *Selection Committee* following the results of the selection that takes place with due consideration of gender balance and sectoral (field of study) representation principles.

(2) The *composition* of the National Agency for Quality Assurance in Higher Education is formed with safeguarding the representation of no more than 1 person from a Field of Study and includes:

- 1) 3 persons – selected among representatives of all-Ukrainian employers' organizations;
- 2) 2 persons – students of the first or second cycles of HE;
- 3) no less than 1 representative from among persons who work on a permanent basis at:
the National Academy of Sciences of Ukraine;
national sectoral academy of sciences (1 representative per each academy – 5 ones);
state HEI;
municipal HEI;
private HEI.

A person may be nominated a candidate to the NQAA via self-nomination also.

(3) The organization and conduct of the selection of NQAA is done by the *Selection Committee* that is established by the Cabinet of Ministers of Ukraine as an advisory body for only 3 years in this composition. The members of Selection Committee perform their duties pro bono.

The *Selection Committee* is comprised on 9 persons, 4 of which as **international members are delegated from the European Higher Education Area organisations ENQA, EURASHE, EUA, ESU** and

per 1 person from the following institutions

- the Ministry – Yuriy Rashkevych, Deputy Minister, **HERE team member**,
- Joint Representative Body of All-Ukrainian Association of Employers,
- National Academy of Sciences of Ukraine,
- National Academy of Educational Sciences of Ukraine – Volodymyr Lugovyy, First Vice-President, National Academy of Educational Sciences of Ukraine, **HERE team member**, as a *Chairman*,
- national students association of Ukraine that is a member of European Students' Union (ESU).

Membership is allowed for persons who have an academic degree and / or academic title or no less than 5 years of work experience in the field except for students' representatives and international representatives.

The **decision** of the *Selection Committee* is considered taken if it is supported by the majority of the international members and majority of national members.

The work of *Selection Committee* is organized as **sessions**, participation for international representatives is allowed with the assistance of *electronic videoconferencing*. International representatives who take part in a session via videoconferencing confirm results of their voting in writing.

The sessions of the *Selection Committee* are *open*. Information about the sessions is published on the *Ministry's website*.

The *Selection Committee* develops a *Regulation* on the contest for the selection of NQAA members that is approved by the Cabinet and formulates qualification requirements to candidates, that foresee the availability of an academic degree or professional work experience no less than 5 years, except for students representatives.

The *Selection Committee* provided selection procedure and formulated list of NQAA members. Regulation of the Cabinet on NQAA approval (27 December 2018) incl. *NQAA members list* is placed at the Cabinet website (<https://www.kmu.gov.ua/ua/npas/prozatverdzhennya-skladu-nacionalnogo-agentstva-iz-zabezpechennya-yakosti-vishchoyi-osviti>).

HERE team member – Iryna ZOLOTARIOVA is selected NQAA member. During the first official meeting of the NQAA members the NQAA Chairman was elected, ex-Minister of Education and Science of Ukraine Sergiy KVIT took this position. In February 2019 **HERE team member** – Mychailo WYNNYCKYJ was appointed on position of the Head of the NQAA' Secretariat – executive body.

12. According to the Law **the Cabinet** of Ministers of Ukraine **within 1 year** from the day of entry into force by this Law in particularly:

- to prepare and submit for consideration by the Verkhovna Rada of Ukraine a proposal regarding bringing laws of Ukraine *in line with* this Law;
- to prepare and submit for consideration by the Verkhovna Rada of Ukraine draft laws about *making amendments to the Tax and Customs Codes of Ukraine* with a goal to exempt of education and research institutions from taxes, payment of customs duties for educational,

scientific / research and production equipment and supply that are moved across the customs border of Ukraine for educational and scientific / research goals (*Part XII. CONCLUDING AND TRANSITIONAL PROVISIONS*).

13. According to the Law of Higher Education, the Ministry of Education and Sciences of Ukraine formed the Scientific and Methodical Commissions (SMCs) in 2016, which developed 236 Higher Education Standards projects by 2020. HEREs provided methodical expertise of 214 projects during 2017-2020 and 135 projects were approved by the Ministry. Established NQAA will providing accreditation taking in account Higher Education Standards according to the Law of Higher Education of Ukraine.

NQAA began activity in 2019 (<https://en.naa.gov.ua>). The Cabinet approved **NQAA' members list** (December 2018) (<https://www.kmu.gov.ua/ua/npas/pro-zatverdzhennya-skladu-nacionalnogo-agentstva-iz-zabezpechennya-yakosti-vishchoyi-osviti>). Guidelines on accreditation procedure incl. criteria were developed and implemented under providing accreditation process using EDUQAS project outcomes. National QA experts' pool was created based on QUAERE project outcomes and engaging representatives of the Erasmus+ projects.

Note* HERE team member – Iryna ZOLOTARIOVA is selected NQAA member (from 2018 to the present time). Ex-Minister of Education and Science of Ukraine Sergiy Kvit is the NQAA Chairman elected by the NQAA members (December 2018 – 2021). **HERE team member** – Mychailo WYNNYCKYJ was appointed on position of the Head of the NQAA' Secretariat – Executive Body (February 2019 – 2022).

Accreditation of study programmes (curricula) is provided by the NQAA from *September 2019* (according to the **Law of Education** (2017); before 2019 accreditation was provided by the Accreditation Commission (advisory body) established by the Ministry of Education and Sciences of Ukraine according to the existing procedure).

2014-2017

The **Law of Higher Education (2014)** is in line with Bologna process but **finance autonomy** will remain **limited** until appropriate Draft Law on Amendments to Budget Code will be passed.

The National Bank of Ukraine adopted the Resolution on the **exemption** from the **mandatory** sale of exchange for EU projects that have passed state registration (December 4, 2015, № 863).

Now HEIs *cannot* manage their own revenues (non-governmental funding), *incl. international grants*, that is managed by the State Treasury.

The Cabinet of Ministers of Ukraine (September 2, 2015, № 719) adopted the Regulation on placing revenues of public HEIs and research institutions on bank accounts (**incl. international grants**) that allow HEIs more flexible to manage grants.

The Law is compatible with the Bologna Process in general and includes the following key provisions:

- Implementation of **three cycle structure** of Higher Education (Junior Bachelor (*short cycle vs Junior Specialist*), Bachelor – Master – PhD) and plus so called 4th or postdoctoral cycle – Doctor of Science;
- PhD education is provided by structured education and research programs within Aspirantura (similar with *Doctoral School*) at HEI or research institutions, 4 years duration;
- Doctor of Sciences' (postdoctorate) education is provided by Doctorantura of HEI or research institutions (Article 7);
- Determination of correspondence between educational levels, postdoctoral/scientific level (Junior Bachelor – Bachelor – Master – PhD – Doctor of Science) and levels of **National Qualification Framework** (5 – 6 – 7 – 8 – 9);
- Implementation of **ECTS** (determination of education programs scope in terms of ECTS credits) and **Diploma Supplement** (integral part of documents of HE);
- Decrease of **student workload** from 36 to 30 hours in 1 ECTS credit, and decrease of maximum of **teaching workload** from 900 to 600 contact hours per year;
- Development of **academic mobility**, provide maintenance of job place/study place, scholarship/salary in academic mobility period;

The Cabinet of Ministers of Ukraine adopted the Regulation on **academic mobility** (August 12, 2015, № 579);

- University' **academic autonomy** (development new programs *incl. interdisciplinary, degree awards, recognition* of degrees/diplomas, etc.), **organizational autonomy** (development of HEI structure, establishment of research and education institutions, innovative productive organizations, clinics, laboratories, etc.), **human resources autonomy** (direct elections of Rectors by secret ballot, personnel arrangements, foreign scholars and academics employment, tangible reward, etc.) and **financial autonomy** (international grants for research and education could be placed on accounts in public banks and not only in State Treasury, independently command budget *incl. reallocation* between budget items, etc.);

- Establishment of **National Agency on HE Quality Assurance (NQAA)** in the capacity of a public institution; **NQAA** should be established by the Cabinet (*it had to be done till September 6, 2015*). **NQAA** will consist Secretariat for Agency' activity support and Public Council (25 individuals from different stakeholders – academics, students, employers) for making decisions on QA issues (*incl. accreditation of study programs*). According to Article 17 of the Law on Higher Education, the Cabinet of Ministers of Ukraine issued a decree about the establishment of the National Agency for Quality Assurance in Higher Education and approved the rules of this Agency (15 April 2015). The **NQAA** has not yet started its activities in Ukraine;
- The methods for Quality Assurance are defined by the Law on Higher Education. The procedure for issuing the Certificates of Study Programmes Accreditation by **NQAA** should be approved by the Cabinet of Ministers of Ukraine;
- According to the Law on Higher Education, the **Higher Education Standard** is a set of requirements for the content and results of the educational activities of the higher education institutions and the research institutes at each higher education level within each programme subject area (there are 114 programme subject areas (detailed fields) of education and training);
- The Ministry of Education and Sciences of Ukraine has formed **Scientific and Methodical Commissions** (SMCs) in March 2016. Each SMC consists of experts in the relevant *program subject area*, which represent HEIs from over Ukraine. The key objective of SMCs is *development of higher education standards* according to the Law of Ukraine on Higher Education. Training sessions were initiated by the Ministry of Education and Sciences of Ukraine and performed by Institute of Higher Education, NEO and HERE team with support of British Council and USETI. All in all 430 members of SMC took the trainings on creation of higher education standards in line with new Law and ESG during April 2016;
- SMCs under the Ministry intend to develop higher education standards for each programme subject area (detailed field) taking into account the proposals of sectoral public authorities, industry associations and employers' organizations till September 2016;
- Technical schools and Vocational schools that offer Junior Specialist' programs (ex-level within HE) will be *transfer from Higher Education system* into Vocational Education system during 5 years.

Useful information for the higher education institutions on capacity building to implement reforms, including presentations, publications, videorecordings, translations etc. is placed on the Higher Education Reform Experts Team web-page: <https://erasmusplus.org.ua/library/materialy-here-team/>

EDUCATION STRUCTURE IN UKRAINE (NQF revised in 2020, new *Law on Education, 2017, Law on Vocational Pre-Tertiary Education, 2019*)

		LEVELS (DEGREES), education confirming document	PERIOD OF STUDY (years, ECTS credits)	EHEA CYCLES, NQF levels
Higher Education		Doctor of Sciences (Postdoctoral Academic Degree), Diploma	2 years	
		Doctor of Philosophy, PhD (Academic Degree), Diploma	4 years (30-60 ECTS – education part)	III cycle 8 level, ISCED 2011 8 level, NQF
		Master (Academic Degree), Diploma	90-120 ECTS (300-360 ECTS for programme in Medicine, Veterinary, Pharmacy, Dentistry, Pediatrics)	II cycle 7 level, ISCED 2011 7 level, NQF
		Bachelor (Academic Degree), Diploma	180-240 ECTS (Nursing)	I cycle 6 level, ISCED 2011 6 level, NQF
		Junior Bachelor (Academic Degree), Diploma	90-120 ECTS	short cycle 5 level, ISCED 2011 5 level, NQF
Vocational Education and Training - VET	vocational pre-tertiary education	Vocational Junior Bachelor Diploma	120-180 ECTS (based on complete secondary education) 240 ECTS (based on basic secondary education)	Access to higher education 4 level, ISCED 2011 5 level, NQF
	third (upper) level	Junior Specialist Diploma, Certificate	2-3 years (based on complete secondary education) 3-4 years (based on basic secondary education)	Access to higher education 4 level, ISCED 2011 4 level, 5 level, NQF
	second (basic) level	Certificate	1-1,5 years (based on complete secondary education) 3 years (based on basic secondary education)	Access to higher education 3 level, ISCED 2011 3 level, NQF
	first (initial) level	Certificate		2 level, NQF
Complete Secondary General Education	Fields-specific secondary education (Upper secondary general education) <i>Under the implementation from 2018</i>	Certificate	2 years (3 years since 2027)	Access to higher education 3 level, ISCED 2011 3 level, NQF
	Basic secondary education (Lower secondary general education)	Certificate	5 years	Access to VET 2 level, ISCED 2011 2 level, NQF
	Primary secondary education		4 years	1 level, ISCED 2011 1 level, NQF
Preschool education			4 years
