Stand Up for Ukraine!

Every day Ukrainian youth, students and staff are defending the identity, values and humanity strongly, protesting in front of tanks and guns in the cities under invasion, **loosing their life defending Ukraine and Europe with bravery instead of enjoying life, studying, living and Erasmusing!**

At the same time russians* benefiting form the opportunities abroad!!!

Majority of russian HEIs benefited from EU's Programmes since 1993

- russians who behaved unhuman torturing Ukrainians, raping and killing women and kids were already educated in the period of Bologna Process implementation in russian education and under active cooperation between EU and russian universities, staff, students and young people!!! **WHERE IS THE IMPACT**?
- 280 rectors of universities from russia signed a letter in support of the russian aggression against Ukraine!!! Those russians who are abroad remain pro-putin MUST be deported back to russia!!!

Ukraine introduced sanctions for cooperation with organisation from Russia in all fields!!!

- ✓The individual opportunities for russians/belorusions* are still eligible if applicable.
- ✓Based on its Academic/organisational autonomy it is up to the Erasmus Universities and other organisations on how to apply it.
- ✓At least make sure that they share European values and do not support war! It is nothing to do with politics!
- ✓**Please do the right choice – choose people from Ukraine, we are defending the future of Europe!**
- ✓**PLEASE DO NOT** provide similarities via joint **support** platforms for Ukrainians, Russians, and Belarusians: do not equal those suffering from a bloody war with those whose **governments directly support war and terrorism – 'victims of war' ≠ 'victims of totalitarian regime'.**
- ✓Ukrainians are not refugees – not refused by our country… but temporary relocated internally/abroad.
- ✓**Stop recognition of russian diplomas, they are not in Bologna Process any more!**
- ✓**Do not put students and staff from Ukraine and from Russia/ belarus* in one event – do not traumatize!!!**

EVEN WAR HAS RULES

https://www.weareukraine.info/category/russia-ukraine-war/

Many decades ago, the international community decided to stop large-scale deaths of civilians during wars and armed conflicts. Thus the rules of war were created, which forbade the killing of civilians, the infliction of harm and torture on prisoners, and the launching of lethal weapons into unprotected settlements.

Despite the fact that the rules of war are set out in international treaties such as the Geneva Conventions, the Rome Statute, and other international laws and agreements, many of which Russia is a signatory to.

Achieving a common understanding of Automatic Recognition in the EHEA: Outcomes of the I-Comply Peer Learning Activity (1.38 MB)

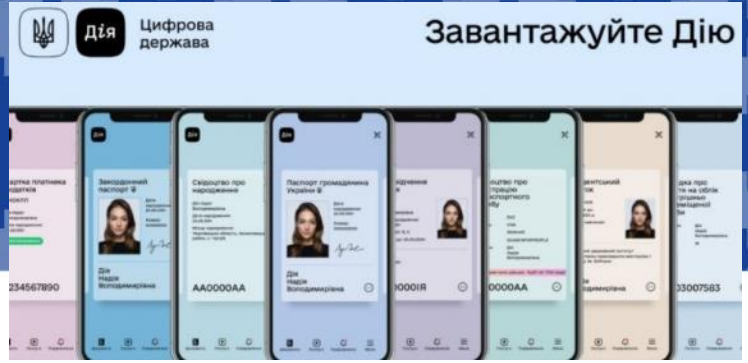
Support LRC-compliant recognition practices in HEIs: Outcomes of the I-Comply Peer Learning Activity (741.6 kB)

The implementation of specific areas of the LRC - Art. VII: Outcomes of the I-Comply Peer Learning Activity (170.64 kB)

Impact

The main impact of the project was the provision of targeted and specific support to the participating countries to establish ESG-compliant QA agencies and to thereby improve the country's implementation of the Bologna Key Commitment on QA. The project therefore had a direct impact on supporting the EHEA and the collaboration of HEIs within it since it tackled the work of QA agencies (and thus the related HE systems within which they operate) that are not yet compliant with the ESG.

Challenges for cooperation under Mobility Projects



- To find contact information of the HEIs for mobility/ cooperation
- Force Majeure Circumstances: suspend or continue with redesigning
- Staff safety, activities delays, changes, workplan/ activities etc.
- Institutional regulation for Mobility does not reflect the war time: not ready for flexibility
- Recognition by the EU universities of prior study or belonging to the university without the documents which were lost/destroyed during war/ recognition for mobility periods
- Study/Traineeship for 1st year students, 4th year students longer semester, exam, diploma
- Ad hock courses and not relevant to the subject area (impossible to recognize)
- Teaching, Training, Job shadowing for staff (focus on institutional impact)
- Delays with documents for permission to staff, researchers and students mobility
- Crossing the border procedures for specific categories of students and staff
- Passport, visa and crossing the border during martial law
- Temporary protection status vs students visa etc.

Inter-Institutional Agreement is a must to organise official mobility and recognition!!!

RUSSIA'S WAR ON UKRAINE: UKRAINIAN STUDENTS IN THE EU

European Parliament

Russia's invasion of Ukraine on 24 February 2022 has caused vast displacement of people within the country as well as across the EU borders. While the annexation of Crimea had a negative impact on the country's education system, recent events have added additional strain.

Outbound student mobility was already substantial in recent years, but it has accelerated even further since the Crimean conflict began . After doubling from some 25 000 to nearly 50 000 between 2007 and 2014, the number of Ukrainian students abroad has since skyrocketed by another 54 % to around 78 000 in 2019.

Approximately 49 000 Ukrainian students were attending various higher education institutions across the EU in 2019. This means that approximately 60 % of the 78 000 Ukrainians studying abroad worldwide in 2019 chose to study in the EU. The countries welcoming the highest numbers of students are Poland, Germany, Czechia and Slovakia.

Some 480 Ukrainian students are currently engaged in Erasmus+ activities via the programme's international strand. In the 2015-2019 programming period, Ukraine received 40 % of the available funding in the Eastern Partnership region, and over 9 000 Ukrainian students and staff participated in more than 1 300 Erasmus projects.

Following the Russian invasion of Ukraine, Commissioner Mariya Gabriel announced, on 2 March 2022, that the Commission would grant maximum flexibility in the implementation of Erasmus+ projects involving Ukrainian higher education students and staff. National Erasmus agencies can apply the *force majeure* clause for international mobility activities taking place in Ukraine and Russia. This will allow beneficiaries to cancel, postpone or rearrange planned activities in the most flexible way possible.

In addition, the Commission has invited Erasmus national agencies and participating organisations to contact beneficiaries who are currently located in Ukraine or Russia or who are planning to move to these countries in the coming weeks, to explore all options. In all cases, Ukrainian students abroad will be offered assistance tailored to their needs, to ensure their safety.

– attention to those institutions continuing cooperation!!!

- Academics, researchers, students and young people from Ukraine and from russia/ belarus **MUST NOT** be invited to the same activities together!!!
- **Please communicate with people from Ukraine beforehand when plan any activities, if this does not escalate the trauma they survived/surviving!!!**
- Please do not traumatize Ukrainian ErasmusGeneration even more!!!
- If Russian and belarusian individuals are on Erasmus, they MUST demonstrate their strong position via communication/written/recorded statements against war and unhuman behavior on russians as well as their attitude/support to the EU and how do they share European values!
