***Impact***

The main impact of the project was the provision of targeted and specific support to the participating countries to establish ESG-compliant QA agencies and to thereby improve the country's implementation of the Bologna Key Commitment on QA. The project therefore had a direct impact on supporting the EHEA and the collaboration of HEIs within it since it tackled the work of QA agencies (and thus the related HE systems within which they operate) that are not yet compliant with the ESG.

# Challenges for cooperation under Mobility Projects

- To find contact information of the HEIs for mobility/ cooperation
- Force Majeure Circumstances: suspend or continue with redesigning
- Staff safety, activities delays, changes, workplan/ activities etc.
- Institutional regulation for Mobility does not reflect the war time: not ready for flexibility
- Recognition by the EU universities of prior study or belonging to the university without the documents which were lost/destroyed during war/ recognition for mobility periods
- Study/Traineeship for 1st year students, 4th year students longer semester, exam, diploma
- Ad hock courses and not relevant to the subject area (impossible to recognize)
- Teaching, Training, Job shadowing for staff (focus on institutional impact)
- Delays with documents for permission to staff, researchers and students mobility
- Crossing the border procedures for specific categories of students and staff
- Passport, visa and crossing the border during martial law
- Temporary protection status vs students visa etc.

**Inter-Institutional Agreement is a must to organise official mobility and recognition!!!**

In cases when, due to the war, the sending organisation cannot be involved in the activity, the beneficiary HEI is the only HEI involved in the organisation of the mobility, except for traineeships outside of the HEI.**

## *Recommendations*:

Students/learners/staff could contact and apply to Institution/organisation directly in EU!

The Ukrainian students/learners/staff **must** contact their home institution in order to conclude the formalities and receive the nomination!

It is required for of mobility and outcomes recognition

Support to staff to teach for home institution!

If relevant, help students/learners to study in parallel at their home institution online!

Buddy system, ESN support would be real help to be integrated faster!

The Certificate with learning outcomes will be helpful for staff/ students/learners/youth for recognition!
