- ▶ **A lot of thanks to the organizers of event – University of Foggia for an interesting and fruitful study visit!**

International Search and Mobile Tools

- 1. Continue to make open a incident for international students' case or reports of cases or several cases continue an incident.
- 2. Internal large research shows that a regular report continues an area visible is enough for 20% of projects to move on to the next possible University on the list.
- 3. Check you most important bases when searching for international students.
- 4. For calling points of your university, programs and admission fee, tuition and additional fees are all important factors to include.
- 5. International students will also want to know things like financial and study grant details.

Functional Definition of Accessibility

Think about the opportunity to:

- make the same information
- engage in the same transactions
- enter the same services

... with benefits to everyone!

Accessibility and disability (2/2)

- The disability definition includes:
 - physical or mobility impairment, e.g. wheelchair users
 - visual impairment (the impairment cannot be corrected by using reading glasses) e.g. blind or partly sighted
 - hearing impairment
 - learning difficulties e.g. dyslexia
 - mental health difficulties
 - medical conditions, e.g. epilepsy, diabetes
- Although mainly centred on disabilities, accessibility may also concern people with a short-term physical or mental impairment (e.g. pregnant ladies, persons with broken legs or arms, families with strollers, etc.)

Inclusive higher education

Pays attention to the diversity of the student body in practices and learning environments.

- Physical environment:** Buildings, learning materials, Teaching methods and equipments meet the diverse needs of students.
- Social environment:** Knowledge, skills and attitudes of the learning community encourage participation and provide study opportunities for all members of the community.
- Psychological environment:** Diversity is an asset for the higher education community.

Progress Report

In this context and in accordance with the Grant Agreement and the Erasmus+ Programme Guide, your project implementation has been qualified as **GOOD** (please refer to the Categories of qualification below). The comments and recommendations sheet in Annex of the letter provides more detailed feedback.

Categories of qualification:

Very good (at least 75 pts out of 100): the project is implemented in accordance with its original work programme and timetable; the report provides all the information and evidence needed and there are no particular concerns or areas of weakness.

Good (between 74 and 60 pts out of 100): the project progresses in accordance with its original work programme and timetable but some improvements could be made; the report gives clear information on all or nearly all of the evidence needed.

Fair (between 59 and 50 pts): there are weaknesses and concerns in the project implementation; although the report gives some relevant information, details are lacking and/or the information is unclear; there are several areas in the implementation that must be improved during the second half of the project.

Weak (less than 50 pts out of 100): the project is not respecting its original work plan/timetable and/or is not fulfilling the CBHE requirements; the report fails to address important aspects of the project implementation that cannot be judged due to missing or incomplete information; in accordance with article 1.10.6 of the Grant Agreement and section 3.5.2.2 of the Guidelines for the Use of the Grant, the maximum grant will be reduced at final report stage if no substantial improvements are observed during the second half of the project.
