## APPROACH TO DETERMINING AN HEI'S PLACE IN THE RANKING ON INTERNATIONALISATION ERASMUS+

To evaluate the internationalization of higher education institutions, project types that significant impact on the institutional development and European integration of higher education in Ukraine were selected.

The internationalization of HEIs in this Review is measured on the basis of information on CBHE, CBVET, Jean Monnet (JM), Strategic Partnership (SP) and ERASMUS MUNDUS Joint Master Projects (JMP) projects in the Erasmus+ projects databases of the NEO – Ukraine and EACEA for 2015-2024, as well as open data on the websites of HEIs according to the following indicators and their weight/coefficient. The weight/coefficient of the indicator was determined taking into account the complexity of project implementation and its content as well as the range of participants' involvement. Also, attention was paid to the fact that indicators for projects of these types are planned to be taken into account when distributing budget funding to public HEIs.

No	Indicator	Weight/Coefficients
1	<i>Role in the CBHE project</i>	
	Grantholder/Coordinator (G)	100
	National coordinator (NC)	30
	Partner (P)	10
2	<i>Role in the CBVET project</i>	
	National coordinator (NC)	2
	Partner (P)	1
3	Number of ERASMUS MUNDUS Joint Master Projects	5
4	Number of Jean Monnet projects	2
5	Number of Strategic Partnership projects	2

The number of points for Erasmus+ internationalisation ranking is calculated as the sum of points for each indicator.

Indicator (3) / (4) / (5) is equal to the number of projects multiplied by the coefficient.

Indicator (1) / (2) is equal to the number of projects with a certain role of HEI multiplied by the coefficient.

This Ranking included 158 HEIs involved in CBHE, CBVET, JM, SP and JMP projects during 2015-2024, which is 50 % of the total number of HEIs in Ukraine as of 2024.

HEIs are distributed across 56 ranking places according to the points earned.

## CONCLUSIONS

The presented overview of data on the number of CBHE, CBVET, JM, SP and JMP projects of the Erasmus+ Programme implemented by Ukrainian higher education institutions during 2015-2024, as well as the role of each institution in CBHE projects, provides grounds for such conclusions.

HEIs involved in the implementation of Erasmus+ projects represent all regions of Ukraine. Among these HEIs are 16 HEIs from Donetsk, Luhansk, Zaporizhzhia and Kherson regions – frontline zones, combat zones and occupied territories that were displaced to safer regions or cities.

About 50% of the HEIs represented in the Ranking were involved in 1-3 projects in 2015-2024.

The *leaders* in terms of coverage of HEIs, including displaced HEIs, are Chernihiv (75%), Lviv (70%), Ternopil (67%) and Odesa (63%) regions.

The *leading regions* in terms of the number of HEIs represented in the Ranking, including displaced HEIs, are Kyiv (42, including 10 research institutions), Lviv (14), Odesa (14), Kharkiv (13), Dnipro (12).

The *leading HEIs* that made it into the top 20 of the Ranking are both experienced HEIs in implementing international projects located in large cities – regional centers of Ukraine, as well as HEIs with limited experience, in particular TERNOPIL VOLODYMYR HNATIUK NATIONAL PEDAGOGICAL UNIVERSITY, PETRO MOHYLA BLACK SEA NATIONAL UNIVERSITY, PAVLO TYCHYNA UMAN STATE PEDAGOGICAL UNIVERSITY, POLISSIA NATIONAL UNIVERSITY, KREMENETS TARAS SHEVCHENKO REGIONAL ACADEMY OF HUMANITIES AND PEDAGOGY.

Among 20 leaders of the Ranking, who scored over 100 points, there are 13 grantholders and 7 HEIs that are involved in a significant number of projects as partners, in particular as national coordinators – V.N. KARAZIN KHARKIV NATIONAL UNIVERSITY, SIMON KUZNETS KHARKIV NATIONAL UNIVERSITY OF ECONOMICS, SUMY STATE UNIVERSITY, NATIONAL TECHNICAL UNIVERSITY OF UKRAINE “IGOR SIKORSKY KYIV POLYTECHNIC INSTITUTE”, KROK UNIVERSITY, KYIV NATIONAL ECONOMIC UNIVERSITY NAMED AFTER VADYM HETMAN, ZAPORIZHZHIA NATIONAL UNIVERSITY.

Due to the challenges and consequences of martial law, majority of the universities lost their human capacities trained during last 10 years of the Erasmus+ Programme implementation in Ukraine. The staff from the Universities, especially from the frontlines have been relocated internally or abroad, others quit the universities and fled from Ukraine.

At the same time 32 Ukrainian Universities have become associated partners of the European Universities Initiative and have been working among other things on the internationalisation competence under support of NAWA and International Credit Mobility actions of the Erasmus+. The staff and students abroad in some cases have become the ambassadors of their home university and become proactive in establishment of contacts and building trust as well and writing proposals together with EU partners.

As a matter of fact, more activities for the capacity building of the universities staff are required on the internationalisation management at the institutional level in Ukraine. More cooperation under International Learning Mobility and Capacity building projects would bring value added to the quality of the international cooperation. The synergy between Erasmus+ Programme, SALTO E&T TCAs, current projects (e.g. BOOST) as well as other international development partners programmes and projects, like DAAD, British Council, USAID and others will be a complementary to the system approach for the internationalisation capacity development of the Ukrainian universities.

New calls for proposals under Erasmus+ 2025 is open in November and will be widely promoted by NEO – Ukraine among Ukrainian universities as valuable instrument of internationalisation and transformation of the universities into the alliances of excellence.
